

## Quality, Health, Safety & Environmental (QHSE) Policy

At **EPLAST Industries LLC**, we are committed to manufacturing high-quality drip irrigation systems and HDPE pipes while ensuring environmental protection and the health and safety of our employees, customers, and stakeholders.

### Quality

- Deliver products that meet customer requirements and applicable international standards.
- Enhance customer satisfaction through consistent product quality and reliable service.
- Maintain strict quality control in raw materials, production, and testing.
- Continually improve the effectiveness of the Quality Management System.

### Environment

- Minimize environmental impact by reducing waste and optimizing energy use.
- Promote recycling and responsible material usage.
- Comply with applicable environmental laws and regulations.

### Health & Safety

- Provide a safe and healthy workplace for employees and visitors.
- Identify hazards, assess risks, and implement effective control measures.
- Promote safety awareness, training, and employee participation.

### Compliance, Risk & Continuous Improvement

- Comply with all applicable legal and regulatory requirements.
- Identify risks and opportunities and take appropriate actions.
- Establish measurable objectives and monitor performance.
- Continually improve our Integrated Management System in accordance with ISO 9001, ISO 14001, and ISO 45001.

### Commitment

- Ensure this policy is communicated, understood, and implemented across the organization.
